WHY OR WHAT IS FINE BONE CHINA ?

Fine bone china is produced using fine China clays, kaolin and bone ash. The resultant body allows for the creation of a beautiful, creamy white, lightweight, translucent refined product to be formed, whilst possessing a high level of durability and chip resistance; making it the ideal choice for use in luxury level and discerning hotels, restaurants, and other hospitality operators, as well as for their gift outlets.

ROY KIRKHAM FINE BONE CHINA HISTORY & HERITAGE

- A highly skilled artisan copper plate engraver, company founder and chairman. Roy Kirkham formed his pottery company in 1970, initially producing character jugs and figurines.
- Later he would turn to the manufacture of fine bone china for which would become globally renowned.
- Roy Kirkham and co-remains a family owned business to this day, and is steeped in the rich heritage of English chinaware production. The site is run by a team of expert ceramicists that have unrivalled knowledge in the highly complex process of fine bone china manufacture.
- Their self-sufficient factory has the capacity to produce a wide range of elegant fine bone china pieces, ranging from mugs and cups to hotel dinner plates, as well as bathroom accessories, candleholders, and afternoon tea stands.
- The Roy Kirkham team can manage your company brand expectations, offering a variety of white shapes and the possibility to adorn with a decoration produced at their own state of the art ceramic decal facility. Choosing from a wide colour palette, to relief decals, precious metals and metallic effect transfers.
- Following many of years experience in this specialist luxury field Roy Kirkham fine bone china is now officially launching their product collection to the hospitality sector.

WHY ROY KIRKHAM

ROY KIRKHAM FINE BONE CHINA ENGLAND CAN PROVIDE YOU WITH THE ULTIMATE IN LUXURY FINE BONE CHINA TABLEWARE & ACCESSORIES FOR YOUR DISCERNING HOSPITALITY ESTABLISHMENT.

- A Family owned business harnessing & combining hundreds of years ceramic experience, based in Stoke-on-Trent England, managed & pioneered by three brothers blending both ceramic & engineering backgrounds, taking great pride in delivering the highest quality fine bone china products.
- A self-sufficient factory incorporating , in addition to manufacturing and decoration its own on-site state of the art ceramic decal production plant, for both its own requirements but also that of other English tableware producers.
- Offering an extensive selection of shapes & tableware items with the option to decorate to their clients wishes from catalogue designs to bespoke solutions. Satisfying the full spectrum of luxury food & beverage areas.
- Personal attention to help clients create their own desired decoration.
- Stretching the boundaries of expectation in the product assortment, incorporating bathroom amenity items, candle holders & tea drinking accessories.
- Providing the opportunity for gift-boxed items for businesses with an in-house or web based gift shop.
- A fully committed team from the entire factory work force, design, management & sales that take great pride in working together to create the ultimate in fine bone china luxury tableware for their clients.

ROY KIRKHAM LTD FINE BONE CHINA PRODUCTION FACILITIES

Roy Kirkham Ltd have been producing elegant fine bone china at the same site in Stoke -on -Trent , England since 1970. The bone china factory houses multiple cup plants, glaze spraying facility and casting production.

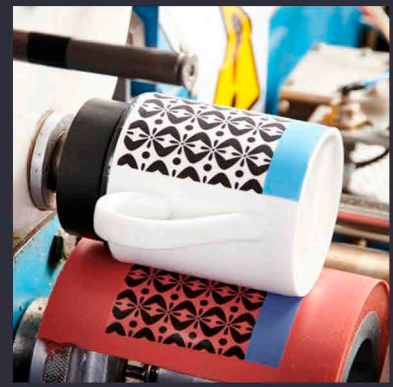

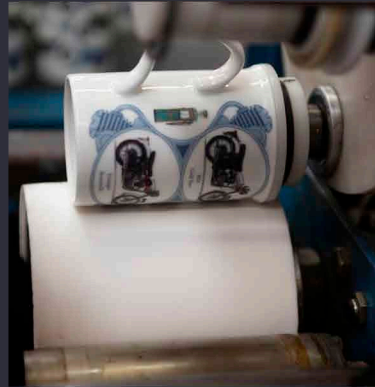

The clay pieces are fired in recyclable heat intermittent kilns.

ROY KIRKHAM LTD FINE BONE CHINA PRODUCTION FACILITIES

Items are glazed with a further firing; following which decal (or banded) decoration is applied by hand or heat transfer decorating machine.

Gold, mica or coloured gilding is applied by hand.

A rotary fast fire or enamel kiln provides the final firing process whereupon the product is transferred to our packing facility for despatch.

ON-SITE DECAL MANUFACTURING FACILITIES

In addition to fine bone china manufacturing there are onsite decal manufacturing facilities that produce custom made ceramic transfers for the bone china, offering a wide colour palette of on-glaze decals & ceramic relief decals.

Added to this, they also produce decals with highly durable metallic effect colours that can be put in the microwave & dishwasher...

And for clients that require precious metal based transfers, these can also be provided.

SUSTAINABILITY & THE ENVIRONMENT

TO PRESERVE THE WORLD FOR FUTURE GENERATIONS, ROY KIRKHAM ACKNOWLEDGES ITS COMMITMENT TO ACTIVELY REDUCE THE ENVIRONMENTAL IMPACT OF THE PRODUCTION AND PACKING PROCESSES WITHIN THEIR FACTORY.

EXAMPLES OF ACTIONS TAKEN TO REDUCE THE ENVIRONMENTAL IMPACT OF THE PRODUCTION PROCESSES INCLUDE:

- Using energy suppliers who are committed to supply 100% renewable electricity from sources such as wind, solar and hydro.
- Improving kilns by using modern, efficient burners, elements, computerised firing cycles, and a comprehensive maintenance programme, to maximise the efficiency of each kiln, and to reduce waste heat and carbon emissions created by the manufacturing process.
- Reducing water usage during the forming of clay products, by recycling back into the production process.
- Removing plastics from all packaging materials, and converting to paper, cardboard, and wooden pallets from a combination of sustainable and ethically managed forestry, and recycled sources.
- Actively monitoring production losses within the manufacturing processes, to immediately identify and rectify issues as they arise, thereby reducing wastage, and ensuring the highest quality finished products.

Roy Kirkham fine bone china tableware is manufactured from naturally occurring clay and organic materials, and the finished products are intended to be used again and again, rather than disposed of after single use. This significantly reduces litter, landfill, disposal and recycling costs, allowing individuals to mitigate their own impact on the sustainability of the products they consume and the world in which they live.

DINING WITH DIGNITY

RKare Frailty And Disability Adapted Products

RKare products are designed for those who have limited hand strength and movement or mild shaking tremors. Cups and mugs are produced with a double handle to provide additional grip. Each plate is designed with a high lip to help keep food on the plate. The intention is to provide a discreet aid to individuals who may be suffering from a mild frailty or disability, but who still wish to drink & dine from otherwise traditional Fine Bone China.

A Colour band can be added to aid diners who are visually impaired.

THE WORLD OF DECORATION

You may wish to have your fine bone china complete with a textured or embossed effect colour decoration or simple line. It could be that you would need your corporate branding or logo applying. There is a possibility that a totally unique decoration is required to provide that extra level of individuality, finesse or impact.

Roy Kirkham Fine Bone China offer both a range of standard designs & also the possibility of having your own bespoke design created using colours, precious metals & shimmering mica .

Let us take you on this journey of possibilities

HARLEQUIN

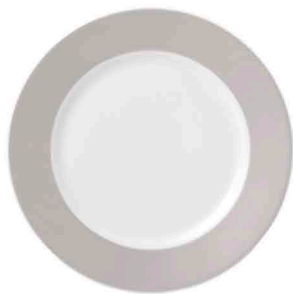

The combination of stripes and bands of the mica colour creating the Harlequin decoration allow for a bright yet unimposing effective design option for your fine bone china tableware.

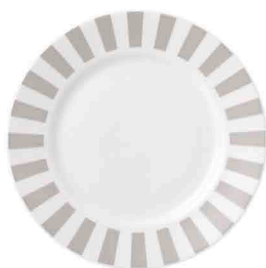

If you require alternative colours in this style of mica decoration Roy Kirkham have a range of metallic effect colours to choose from. Mica provides that luxurious metallic effect look whilst allowing for use in the microwave & dishwasher.

BLenheim PALACE
Indian Room China Collection
 Home to the 12th Duke of Marlborough and his family and the birth place of Sir Winston Churchill, Blenheim Palace is a World Heritage Site boasting a long and diverse history.
 With horseback riders, exotic plants, palm trees and where the warm ocean meets a pastel blue sky, follow the trail of a historical tiger hunt amongst the thick winding jungle trails of India.
 Inspired by the beautiful hand painted wallpaper designs of the Indian Room at Blenheim Palace, this exclusive English fine bone china collection is regarded around the world for its high quality, delicacy and durability.
 The rare and intricately decorated wallpaper was created by French painter Bernard Dufour and was commissioned by George Spencer-Churchill, 5th Duke of Marlborough in 1826.

RK
 ROY KIRKHAM

The Indian room at Blenheim Palace served as a spectacular backdrop for the creation of a Roy Kirkham tableware design which is available to help in your restaurant setting.

DECORATED CANDLE HOLDERS

The Roy Kirkham Fine Bone China Collection also consists of 2 elegant sizes of candle holder that can be supplied with your own decoration or branding in addition to the standard & seasonal collection.

The translucency of bone china lends itself to providing a highly effective glow when used as a candle or tea light holder.

GIFT SHOP SUGGESTIONS

Many hotels, Luxury restaurants, Golf clubs & other operators have gift shops within their premises; & some even their own webshop; where they sell commemorative fine bone china articles.

Roy Kirkham Fine Bone China offer the possibility for you not only to have your own gift articles with logo or other branding but also in an attractive gift box.

Whether it be a mug(s), espresso cups & saucers, a teapot jug & creamer set, tea cups & saucers or a set of dinner plates; we can offer you a selection of different gift boxes designed in your own colour scheme & branding.

BESPOKE DECORATION

You may wish to have your establishment's logo adorning Roy Kirkham Fine bone china tableware.

Choose from a wide selection of colours from the CMYK palette including half tones.

You May also wish to have precious metal colours in your crest reflective of your business or alternatively metallic effect colours from the selection of Mica options available.

Mica colours can safely be put into the dishwasher or microwave whilst still providing your dining setting with that enchanting metallic sparkle effect.

A band or line can accompany logo placed on the edge of item or at various other locations.

At Roy Kirkham we are able to apply bands using CMYK colours, precious metals like gold & platinum, and now also in mica .

BESPOKE DECORATION

A conceptual decoration referencing your hotel or restaurant interior, theme or architecture could be required.

Individuality is paramount in so many situations, and this is not always that easy to achieve. At Roy Kirkham together with our Horeca sales agent & design team we can help you on your journey in creating that specific individual decoration concept.

From achieving full understanding of the theme; through to CAD interpretation & then delivering the final result.

LUXURY DESIGN INSPIRATION

It may be that for your luxury hotel, restaurant or residence you are looking for a customised decoration solution on fine bone china tableware, inspired by a certain element or elements of your property or operation.

It could be the architecture, the grounds, murals & interior decor, the cuisine.....almost anything that is important & precious to your business.

Together with the team at Roy Kirkham Fine Bone China England we are able to help you on your journey to achieve your desired decoration.

WHY ROY KIRKHAM

Roy Kirkham Fine Bone China England can provide you with the ultimate in luxury fine bone china tableware & accessories for your discerning hospitality establishment.

- Stoke-on-Trent England based manufacturing & decorating factory harnessing hundreds of years ceramic experience to produce the ultimate luxury fine bone china.
- A Family owned business managed & pioneered by three brothers combining both ceramic & engineering backgrounds, who take great pride in delivering the highest quality bone china products.
- A self-sufficient factory incorporating its own on-site state of the art ceramic decal production plant for both its own requirements but also that of other English tableware producers.
- Offering an extensive selection of shapes & tableware items with the option to decorate to their clients wishes from catalogue designs to bespoke solutions. Satisfying the spectrum of luxury food & beverage areas.
- Personal attention to help clients create their own desired decoration.
- Stretching the boundaries of expectation in the product range, incorporating bathroom amenity items, candle holders & tea drinking accessories.
- Offering a gift box possibility for operations with an in-house or web based giftshop.
- A fully committed team from the entire factory work force, design, management & sales that take great pride in working together to create the ultimate in fine bone china luxury tableware for their clients.

FINE BONE CHINA CARE GUIDE

Roy Kirkham Fine Bone China is all made to be used in a food service environment and is constantly quality checked before being dispatched to the customer. It is made to the highest standard to ensure that it can withstand rigorous day-to-day use and our fine bone china is microwave and dishwasher safe.

(Note that only items with no gold or platinum are safe in the microwave.)

- WASHING BY HAND

- 1) For the best results wash in hot water with mild detergent.
- 2) Do not stack any items on top of each other and place in the bowl or sink with care as bone china can easily be scratched or damaged if knocked aggressively together. It is best to wash items individually.
- 3) Use a sponge or soft cloth and not abrasive pads or metal scourers to clean.
- 4) Ideally wash/rinse items straight away to avoid stains.

- WASHING IN A DISHWASHER

- 1) Wash with mild detergents.
- 2) Some detergents can affect gold lining so it is preferable to hand wash any items with gold on them.
- 3) Stack carefully and do not overload the machine as this can result in scratches and breakages. Please ensure that the water is at the correct temperature

- CARE OF YOUR FINE BONE CHINA

- 1) Avoid sudden temperature changes as this can seriously affect the china (thermal shock)
- 2) Never expose fine bone china to direct flames/heat.
- 3) Please ensure that cutlery is washed separately to avoid metal marking.

When using your fine bone china please treat them with the respect that high quality and beautifully designed products deserve. Although very strong fine bone china can still crack or break if not treated in the correct way.

CONTACTS & THE TEAM AT ROY KIRKHAM

- There are many hands & faces behind the high quality fine bone china products produced at the Stoke-on-Trent factory of Roy Kirkham.
With great pride and attention to quality & detail our team is here to help create your fine bone china tableware.

- Our hospitality sales agent team of Jonathan & Jackie Shepherd combine over 30yrs sales experience within the hospitality industry EMEA and many years in creative design for the textile industry.
- With this combined experience they are prepared along with the management and design team at Roy Kirkham to advise and assist you on your desired luxury fine bone china tableware.
