bonna

**We are
passionately
dedicated to
enhancing the
gastronomy
experience
with a strong
commitment to
premium product
performance,
authentic design,
and sustainable
practices.**

In 1983, Kar Porselen embarked on this endeavor in a modest ceramic atelier with the intention of becoming a genuine industry stakeholder by providing porcelain tableware solutions. With the goal of inspiring future trends and leading the industry as a pioneering brand, Bonna was introduced in 2014. Since the beginning, our goal has been to provide the best possible accompaniment for a gastronomic experience that is rich in senses, and contribute to overall well-being of the environment and society which in turn promotes sustainable economic growth.

Passionate about bringing the chefs' thoughts to life, we support them in letting their imaginations unleashed as they design, enhance their menus, create outstanding presentations and enable memorable gastronomic experiences for their guests.

Passionate about growing together with our business partners, we provide a breadth of range in high-quality porcelain, vitrified ware, and other complementary offerings made possible by the newest technology and deliver operational solutions to enhance customer satisfaction at all levels.

Passionate about uplifting the joyful moments together with trend-setters and opinion leaders, we collaborate with a wide range of community to distinctively tailor the gastronomic experience from a broader perspective.

INNOVATIVE SOLUTIONS FOR CHEFS

Witness Bonna's acknowledged success in innovation and design

The journey began with the vision to inspire future trends in the industry which is a goal integrated into Bonna's identity for being a stylish and forward-looking brand.

Join us in celebrating Bonna's legacy of prestigious awards across the globe, a testament to dedication in innovation and a pursuit of stylistic consistency that captivate audiences worldwide as a pioneer player in the HoReCa market.

All Over The World: 100+ Countries

Bonna production facilities located at the intersection of Asian and European continents, and Bonna distribution network spread over 100 countries worldwide enable high accessibility and quick delivery to all industry partners.

Specifications

Edge Chip Resistance Warranty

The entire Bonna product range, identified with the “edge chip resistance logo”, challenge the toughest standards and can be used for years by fulfilling the Horeca industry requirements.

Stackable

The stackable design is a required property, especially in the Horeca sector. Our stackable design offers the best and the most practical solution even in the tightest storage areas.

Translucency

Detailed R&D process provides the translucent and elegant ivory whiteness to all-porcelain products. Our special formula and ingredients add a unique glossiness to our products.

Microwave Safe

All plates are suitable for microwave use.

Unique Pieces Reactive Glaze

Each and every piece is truly unique, thanks to the nature of reactive glazing.

Scratch Resistance

State-of-art glazing technique offers high-level scratch resistance in all of our products.

Dishwasher Safe

High resistance glazing process enable Bonna products to be resistant to highly corrosive dishwasher effect during fast service cleaning cycle.

Thermal Shock Resistance

Hard glaze surface and premium raw materials provide durability against sudden temperature changes and extreme temperature conditions.

Genuine Partner

We regard all our customers as our industry partners and commit ourselves with a genuine care to create value for everyone through a strong collaboration.

Save for
tomorrow

Save for Tomorrow!

A lifetime commitment to being environmentally conscious

Bonna is dedicated to meet the needs of the present generations while at the same time preserving resources for the future generations. This dedication is among the corporate values, placing integrity at the core, and guiding ethical standards since the foundation of our

company. Our primary strategies to save for tomorrow are doing eco-optimized production in line with circular supply chain management, extending product life cycle, adhering to waste management, and integrating every single employee to sustainable practices.

Recycled Water Consumption

- **80% of the water supply is recycled** on a circular base among the processes (figure extracted for Çayırova Plant only).

Reduced Carbon Footprint

- Commitment to contribute Net Zero movement.
- **Owns 14001** Environment Management Certification.
- **Owns Carbon footprint measurement system** (figure to be released by February 2024).

Eco-Optimized Energy Usage

- **50% of the total electricity** is supplied by renewable energy resources thanks to Solar Energy System investment (projected for 2024 and integrated for the two plants).
- **100% recyclable paper** materials are used in product cases.
- New vitrified category development with **local sourcing** and **single firing**.
- Further electricity and natural gas savings are obtained by new generation press machines, advanced kiln systems and single firing in selected collections.

Long Product Life Cycle and Waste Management

- Highly durable body and **edge-chip resistance warranty**
- **Up to 87% of the total non-hazardous porcelain process waste** is reused in Ground, Cras, Prints collections.
- **3300 tons of production residues** (porcelain and related waste) are reused for new production (2023 official figure).

Cras

Sustainable and Eco-Friendly Products

Cras Collection; brings peace and tranquility to spaces by reflecting gray and cream tone, the cool and calm tones of nature. Each piece reflects a modern elegance while carrying the touch of nature. These unique pieces, which feel like they were produced in a ceramics workshop, attract attention with their differentiated forms. Additionally, by offering different size alternatives, it increases your chance of choosing the piece that best suits your preferences and presentation area. It allows creating different usage areas and combinations with the new pieces added to the collection.

VITRIFIED

Premium
Vitrified

NEW

LONG LASTING CRAFT

Bonna Premium Vitrified privileges culinary work by offering durable, sustainable and handcrafted feel dinnerware solutions to provide a perfect blend of aesthetic and functionality. The fully vitrified dense and high-quality clay body provides unbeatable durability in performance so each item has an exceptionally long product life cycle and low water absorption.

Each piece kindly promises a unique and authentic design thanks to the reactive glaze technology. Bonna Premium Vitrified is an environmentally friendly category supporting Bonna's low-carbon footprint initiative. Sustainable product quality and eco-optimized production principles are sustained by single-firing and locally sourced raw materials.

This specially designed vitrified collection developed by Bonna expertise delivers an improved product life length compared to the stoneware thanks to the improved recipe and higher firing temperature.

* Radix

The Radix Collection by Bonna is a collection of porcelain tableware that is both elegant and mysterious. The collection features a root motif on white porcelain, which is a powerful symbol of the natural world. The root is a symbol of growth, strength, and endurance. It is a reminder that even the smallest things can have a profound impact. The root is also a symbol of connection, both to the earth and to each other. This symbolism is not lost on chefs. They understand the power of the natural world to inspire creativity. They know that the root can be a source of inspiration for their own culinary creations.

Grace

by Nick Holland

Designed by harmonising the Japanese design concept 5 with the Scandinavian design tradition, Grace is presented to you by processing stainless steel with elegant touches to appeal to the fine dining experience. Grace, which makes every meal a special memory through a design silhouette that speaks the language of perfect proportions, has a minimalist and contemporary look.

INFINITY GLASS

THE STRONG STAND OF AESTHETICS

Infinityglass promises a long product life with its polycarbonate body, which provides a real glass look and is 250 times stronger than glass. Its impact-resistant, recyclable structure eliminates the risk of breakage with glassware by the pool and seaside, offering a premium experience and safety. It's also a sustainable alternative to single-use plastics and is also cost-effective.

- Do Not Leave Wet
- Avoid Contact with Sharp Objects.

- Clean with Gentle Materials

Infinityglass

*Infinityglass

Infinityglass reflects the visual delight of glass gracefully. Infinityglass's polycarbonate body, which mimics real glass, is 250 times stronger than glass, ensuring durability and longevity. Its impact-resistant and recyclable structure eliminates the risk of breakage that can occur with glassware at the poolside or by the beach, providing a safe luxury experience.

While being a sustainable choice, it also provides a cost advantage with its material that helps reduce environmental impact in the food and beverage cycle. Alongside its unbreakable nature, Infinityglass retains its elegance and sophisticated form, just like glass. It promises sustainable elegance, enjoying a key role in luxury hotels and catering events.

SO LIDA

Solida
NEW

STEEL'S STRENGTH, BONNA'S ELEGANCE

Bonna meets the quest for different materials and forms with its stainless steel collection Solida. The environmentally friendly Solida, produced entirely from recyclable materials, promises a long lifetime with its high-temperature resistance and ensures hygiene with its non-porous structure. Its concept that seamlessly harmonizes with any dining environment reflects the timeless beauty of stainless steel in presentations.

Hand Wash Recommended

Do Not Expose to Direct Flame

Do Not Scrub with Sponge

Do Not Leave Wet

bonna

Solida

* Solida

Nature breathed life into a new collection, and Solida was born. Solida fully meets the hygienic details of stainless steel, adding longevity to its durability and naturalness to its raw appearance.

Solida, with its non-porous structure, prevents the absorption of odours, flavours, and bacteria. Meeting the strictest health and safety standards, while guaranteeing a hygienic dining experience.

With Solida's versatile design, it enhances the visual appeal of presentations, providing the opportunity to customise the unique elements of conceptual hotels and restaurants. And Free-spirited style, opening limitless horizons for chefs.
